

Purpose and Duties

1. Analyze adult and juvenile offender population trends and develop long-term projections.

2. Determine future infrastructure needs to provide the necessary capacity for:

- **Probation and parole**
- **Juvenile offenders**
- **Prerelease centers**
- **Substance-abuse treatment**
- **Intensive supervision**
- **Mental health treatment**
- **Revocation and sanction programs**

3. Analyze the state partnerships with private and public providers, and determine their ability to continue contributing to capacity within the corrections system.

4. Assess existing infrastructure at existing state-run correctional facilities and determine the need for renovation, expansion and improvements.

5. Report council findings and recommendations to the governor.
